Read the following passage and answer the questions:

Penguins cannot fly. They are mostly found in the southern hemisphere, especially in Antarctica. They can swim in water because their wings act like flippers. They feed on fish. They spend half of their lives on land and the other half in water.

There are many species of penguins. The largest penguin is the Emperor Penguin. The male stands about 1.1 m tall and weighs 35 kg. The smallest penguin is the Little Blue Penguin, which is also known as the Fairy Penguin. It is around 40 cm tall and weighs around 1 kg. Penguins are popular around the world. Their striking black and white body makes them very attractive. They have no fear of humans. But they do not approach people closer than about three metres as they get nervous. The tourists to the Antarctica are therefore asked to keep distance.

1. Find the words from the passage:

- a. Name of the bird as depicted in the passage _____.
- b. Colour of the bird _____.
- c. They are found in _____.
