

**A. Read the following passage and answer the following questions:**

Everyone wants to be physically fit and disease free. Good health is the first condition of happiness in life. Games are means of keeping the body healthy and fit. Those who play games generally maintain good health. Games like hockey, cricket, football, tennis, kabaddi etc provide the much needed exercise to the body. Players always have a better appetite and a better digestion than those who play no game or take no exercise. Games not only make the body healthy and strong but also make us muscular. Games are also an excellent recreation or pastime. Recreation is as much necessary as education or reading of books. And games provide the most interesting recreation in the world. Thus games are very useful for us.

1. What is necessary for happiness in life?

---

2. Two things that games provide us are:

a) \_\_\_\_\_ b) \_\_\_\_\_

3. Players have more appetite and better digestion than other because

---

4. Games make the body healthy \_\_\_\_\_ and \_\_\_\_\_.

5. Find out two 'Nouns' from the given passage.

---

**B. Read the following passage and answer the following questions:**

A man set out to look for work. He kept wandering here and there. But did not get any work. Tired and hungry, he gave up hope and decided to return home. He went to a nearby lake to wash his face. As he was about to leave, he saw a squirrel. The man saw that it was dipping its tail into water, and then shaking it over the ground. The man asked, "What are you doing, little squirrel?" "I am emptying this lake" replied the squirrel. "But how can you do that?" asked the man. "Even if you dip your tail into the lake millions of times, it would still not be empty." "Never mind", said the squirrel, "I can still try." This made the man learn a lesson. He realized that it was wrong for him to give up. So he set off again to look for work.

**Answer the following questions.**

1. Why was the man wandering here and there?

---
